Five Communities Achieve Prestigious Sustainable CT Certification

Congratulations Guilford, Lyme, Southbury, Coventry and Vernon

We're excited to report that **five towns** qualified for certification during the 2022 spring submission cycle.

Guilford, Lyme and Southbury all met high standards in a broad range of sustainability accomplishments to qualify for bronze-level certification. Coventry and Vernon achieved silver-level certification, the highest level of certification currently offered.

Seventeen municipalities submitted paperwork for the Spring 2022 certification cycle; of those, four towns submitted only for review...

Meet the 2022 Sustainable CT Fellows

Through the Sustainable CT Fellowship Program for 2022, twelve students from Connecticut colleges and universities will receive training, supervision, and a stipend to help our communities implement Sustainable CT actions and obtain points towards certification.

Fellows will assist cities and towns within the **Connecticut Councils of Government (COG)** territories, and will assist on COG projects that align with Sustainable CT goals. Fellows gain valuable experience working within a professional setting and will be directly engaged with cutting-edge sustainability initiatives, local government operations, and regional coordination and operation.

Tracking Solid Waste Generation in Your Community

Wondering how you calculate residential solid waste disposed per person and how you can use this data to reduce solid waste generation in your town? Join us to hear from **Jennifer Weymouth of the CT Department of Energy and Environmental Protection** as she walks attendees through the steps to calculate your residential solid waste disposed per person and meet the requirements of Sustainable CT's sub-action action **9.1.1.**

Ginny Walton, Recycling Coordinator for the Town of Mansfield will share insights about why this information is important, and how a community can use it to reduce waste. **A virtual event: Tuesday, June 14, 10:00 a.m. to 11:00 a.m.**

This month: we chat with our very own Joseph Dickerson, "Mr. Community Match Fund."

The **IMPACT** is available **June 15** at sustainablect.org and wherever you get your podcasts.

Community Match Fund Corner

CMF Office Hours for June: Boosting Compost Projects

Sustainable CT is excited to host the June Community Match Fund Office Hour with a focus on Boosting Composting projects. With the generous support of CT, Sustainable CT has dedicated funding to amplify compost and food waste diversion efforts via the existing \$1:\$1 Community Match Fund program.

If you (or a town/ organization/ person you know) have a passion for compost, please share and plan to join **Joseph Dickerson**, Sustainable CT's Community Partnership Manager, on **Thursday, June 30, 12-1 p.m.** to discuss the details of this exciting funding opportunity.

The Next Sustainable CT Coffee Hour: June 24, 10 a.m.

Join us at the Adventure Park at Storrs for a LIVE STREAM with our 2022 Fellows

This is a Coffee Hour built for fun. We'll be **live streaming** our next get-together at **the Adventure Park at Storrs**.

Bring a thermos and meet our newest class of Fellows - virtually, of course - as they gather to view the world from a slightly higher perspective. Meet & greet and interviews are on the agenda, as well as a few salient discussions about the challenges facing our Sustainable CT Fellows off the ropes course. It's sure to be a fun and informative experience.

Join Sustainable CT for (virtual) informal discussions **most third Fridays of each month at 10 a.m.** We share program updates and resources, explore your questions, and strengthen the network of Sustainable CT champions. These sessions are free and open to all.

Good things happen in the spring

Spring is a time of growth and renewal in Connecticut, right? The flowers know it, and we know it, too. Not only has Sustainable CT recently blossomed into a stand-alone nonprofit, but we continue to grow to increase our actions and broaden our impact. Please join us in welcoming our new **Project Assistant, Nicole Govert** (left), and **Kate Richard** (right), our new **Program Manager for Sustainability Best Practices**. These talented, experienced professionals are eager to help Connecticut towns and cities bloom in any season.
